

# Gas Detection For Life

## Distributor Announcement

October 16, 2017

## RKI Lowers Price of GX-2009 to **\$595**

RKI is pleased to announce that we are lowering the list price of our Model GX-2009 by \$100. This means that a standard 4 gas unit with charger will drop from \$695 list to \$595 list. This new pricing is effective immediately, for all orders placed as of October 16.

New distributor discounts are also effective as of October 16. The new discount schedule is the following:

### Instrument Discounts

Order Quantity	Discount
1 - 9 units	30%
10 - 24 units	35%
25 - 49 units	38%
50 > units	40%

Quantity orders can be for different part numbers, and each order must ship complete to one location.

# Gas Detection For Life Distributor Announcement

## Instruments Bundled with Accessories Discount

For part numbers where a GX-2009 is bundled with accessories, the following discounts apply. For example part# 72-0314RKC-50 is a GX-2009 with a charger and carrying case. This part# will receive the following quantity discounts.

Order Quantity	Discount
1 - 9 units	30%
10 - >	35%

Quantity orders can be for different part numbers, and each order must ship complete to one location.

## The GX-2009 has several notable benefits over the competition:

- Smallest and lightest 4-gas on the market
- Excellent long life sensors: 3 years+ typical for LEL and Oxygen, 3 to 5 years for H2S and CO
- Not a disposable! High quality and reliability. The GX-2009 should last for 5 to 10 years with proper care
- Lowest cost of ownership of any 4-gas portable on the market. Sensor prices lower than most competitors
- RKI's same day / next day shipment
- Friendly customer service and technical sales support
