

Gas Detection For Life

Distributor Announcement

July 19, 2019

Limited Time Offer

**BUY 25
GET ONE FREE CAL STATION**

x 25

ONE FREE

The image shows a hand holding a black RKI GX-3R gas detector. The detector's screen displays various gas levels: CH4 at 3.44, %LEL at 0, O2 at 19.5, CO at 0 ppm, and H2S at 0.0 ppm. Below the screen are buttons for 'AIR' and 'POWER MODE'. The model 'GX-3R' is printed on the device. Below the hand is a grey SDM-3R calibration station with a red top and a digital display showing '100.0%'. The entire promotional graphic is set against a dark blue background with white text.

Take advantage of these promotional discounts
BEFORE THEY EXPIRE ON AUGUST 16th, 2019

Many of our distributors have received a free SDM-3R calibration station with their purchase of 25 instruments, have you? Be sure to capitalize on this opportunity before this offer expires!

Limited Time Offer

Promotions

Buy 25 Instruments and Get 1 Free Cal Station

Now through August 16th, order 25 or more GX-3Rs or GX-3R Pros at the 25 unit price and receive a free SDM-3R Calibration Station! All 25 units must be the same model. No mixing GX-3R and GX-3R Pro's for the promo. Additional SDM-3R can be purchased for 30% off when buying this quantity. The GX-3R and GX-3R Pro 40% quantity discount level does not apply.

60% Discount Ending Aug. 16th

Now through August 16th, sales demo units for the GX-3R and GX-3R Pro will receive a 60% discount off the suggested retail price. Demo unit sales are limited to one unit of each model per location. The demo discount also applies to bundled kits that include carrying case and accessories. Coop funds do apply to 60% discounted orders. Contact your RKI Regional Sales Manager to take advantage of this limited time offer.

Instrument Discounts

We are offering quantity discounts for both the GX-3R and the GX-3R Pro! To qualify, your order must have only one "ship to" location. The following discounts will automatically be applied:

Order Quantity	Discount
1 - 9	30%
10 - 24	35%
25 - 49	38%
50 >	40%
